

LEAVE YOUR CAR KEYS AND WORRIES AT HOME!

Take advantage of Emergency Ride Home (ERH).

A smarter commute just got easier with Gohio Commute's
Emergency Ride Home Program (ERH).

What is ERH?

Emergency Ride Home (ERH) is a free service that assures commuters they won't be stranded at work in the case of an emergency, illness, or unexpected overtime. In the case of the unexpected, you can take a taxi home for free! It's a foolproof benefit meant to ease your mind if you carpool, vanpool, bike, or bus to work and cannot make your scheduled trip home.

How Does it Work?

Commuters must opt-in to the program on their Gohio Commute account and be approved. Users pay up-front for their ride using a licensed rideshare provider, such as Uber or Lyft. Users then may upload their receipt on gohiocommute.com for reimbursement. This program is valid for up to four trip redemptions in a calendar year.

Register

To enroll in the ERH program, register for an account at Gohiocommute.com/morpc. On the last page of registration, be sure to check the box that reads, "I would like to participate in the Guaranteed/Emergency Ride Home Program." Gohio Commute staff will screen your application and contact you within 72 hours, if approved.

Think of ERH as insurance for your sustainable commute.
